RECORD REVIEW

LOST AND FOUND - BRUTAL ATTACK

The fifth and maybe the last (?) Brutal Attack release on Rock o Rama records. This LP is probably one of the best releases in a long time and consists of 12 new raw, Aryan Rock tracks. Although Brutal Attack are no longer together, this album was written while they were still going strong at the top of the Nationalist music scene and shows just how good they really were. Along the same lines and consistency of STEEL ROLLING ON, with the guts of AS THE DRUM BEATS the LP will no doubt go down as one of the best of 91. The track listing is as follows;

In the near future, we will be producing merchandise, all of which will be advertised and available through ARYAN WARRIOR. Throughout this issue of A.W., there are adverts for respectable suppliers of merchandise, however when writing, always remember to enclose full payment for the item /items you require, as well as your name and address. If you would like an advert placing in A.W. for merchandise, just write enclosing full details.

Well thats it for this issue keep in touch via the zine addresss. See you in Spring 92.

Joyous Yule. ARYAN WARRIOR.

A full interview with the ARLP will be featured in the spring issue of Aryan Warrior.

Side 1.

Wounded Man, Swords around a throne, The blade, After your blood, Lost and found, Let the good times roll.

Side 2.

First and Last, Winds of change, Listen, No way out, Martyrs of Essen, The Jester and the Queen.

My favourite tracks are; First and Last, & A wounded Man. These two tracks are sung in the true, classic 'Attack' form, belted out in a raw cutting edge style that many have tried to imitate but only B.A. could provide. The LP qualifies for 10/10, and should not be missed by anyone who appreciates good 'white' music. A.B.

Defenders Of The Aryan People

The NSSH is an American organisation which has been around for little over three years. We have been in regular contact with them for a while now and were pleased when they agreed to do an interview with us. Thanks to Jeff for the replies....

1. Could you please give a brief history of NSSH, ie when formed & why formed ?

"NSSH was formed on Aug. 21, 1988 in Humble, Texas. It was originally called the National Socialist Skinheads of Houston. We started NSSH because we wanted to do our part to help to bring about the advancement and purification of the White Race. Things diffused around April 1989, due to lack of leadership, (the two founders had both moved away to carry out other projects). In July of 1989, after coming across Newspaper articles stating that NSSH was one of the most militant and disciplined skinhead organisations in the US, NSSH was afloat again, this time with the name of National Socialist Skinheads. We then expanded into a National organisation, with units in several US states."

2. What are the political aims of NSSH ?

"As our name states, we are National Socialists. we seek the destruction of internal Jewry that has formed itself in the shape of capitalism & communism. Our Race will never be free until the world is rid of these inhuman creeds

3. How do you hope to achieve these aims ?

"In the most simplest of words, Militancy, Discipline, Courage & Faith. If the White Race is to win, we must be ready in the following areas; 1 Mentally 2 Physically. We must not only seek to educate ourselves to be a fully rounded people, but we must also be healthy and well trained in survival & para-military activities. It is our belief that if we are going to win, All White Resistance Freedom Fighters worldwide must be united and ready to strike against ZOG at the same time. Simply awakening the White Masses is not enough, we must be prepared to wage war with the International ZOG, and its minions. Those who are not prepared to fight will perish, and those who are not willing must be weeded out of our ranks before it is too late."

4. Is the NSSH open to membership?

"Yes, NSSH is open to membership. One would join by first writing to Toby Whithead (NSSH National Commander) at our National Office P.O. Box 151973, Arlington, TX, 76015, USA. I would like to add that only those who are truly dedicated are accepted into our ranks." (NEW ADDRESS AT TOP OF PAGE)

5. NSSH is an American based organisation but would you like to see units set up in Gt Britain, & other European countries ?

"Yes, we would. Like I said it will take world wide unity for the the White cause to succeed. We believe that NSSH has one of the most successful programmes for Skinheads in the US, & we would like to see skins in other countries join us and develop programmes to fit the needs in their

countries. We hope to expand world wide, and we are currently attempting to develop NSSH into a worldwide programme for White Victory. We believe that the more quality people that are involved in one quality organisation that serves the needs and wants of all involved will ensure victory for our people."

6. The constant isolation between proWhite movements can only damage our cause. What do you think should be done to rectify the situation?

"As I stated before, Unity is our salvation. To achieve this, NSSH has a policy of accepting all White Religious faiths into our group. In the US, this has been one of the major problems among White activists. We got tired of seeing people quarrel about religion, so we instated this policy. If a perspective member cannot handle this, then they are not allowed in our ranks, as this would only destroy the family atmosphere of the group. We also make it a point to work with ALL White groups who are truly dedicated to our cause. If they refuse to work with us, then it's their loss, because we made an effort. We do this even if we disagree with a group's aims and policies, because Unity is the only way. We may not always offer our help and encouragement, but if it's asked of us, we will surely do all that we can to comply. We will do whatever is necessary to bring the White Race to victory, because it is all that we live for and all that we will die for. We feel that this is the only way to keep our movement alive. If it dies out or declines, the darkness of an age without culture will surely descend on the Earth."

7. As your title suggests, is your organisation for Skinheads only, or is it open to other similarly minded White Youth?

NSSH is an organisation of Skinheads only. We feel that Skinheads are disciplined and militant enough to do whatever it takes to achieve victory over ZOG. Skinheads

are not conservative, they are courageous, proud and willing to die for what they believe in. This is not always the case with other Youth factions. We do believe that being a skin is much more than a haircut. In the US, many of the more involved skins now have short rather than cropped hair. ZOG has created an anti-skinhead task force here in the US, and one can get thrown in jail for many years for even thinking about harming a sub-human (thought crimes). It is sometimes better to attract less attention from the authorities, so that activities may continue unhindered. It's not the fashion but the activities that makes a person a skinhead."

8. What merchandise does NSSH have for sale?

We have over 30 T-Shirt designs that we print and sell, as well as a few patches and WWII propaganda posters. We also publish a quarterly newsletter called Reutonic Pride. Any enquiries into NSSH merchandise or Reutonic Pride should be addressed to NSSH, Totenkopf unit, PO Box 162244, Ft Worth, TX, 76161, USA"

9. Do you have anything else that you would like to add?

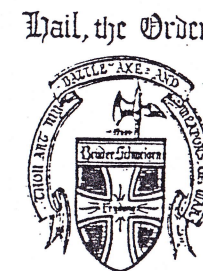

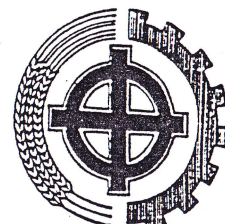

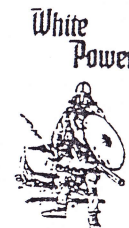

"Education, determination, & hard work are essential elements in our struggle for victory over evil. We must begin now to prepare ourselves for our coming day of salvation from Jew tyranny. We alone shape our future, and if we refuse to take hold of it and direct in the right path, then we might as well lie down and die with the rest of the White Race. I would also like to thank Bob Mathews, David Lane, David Tate, Richard Scutari, Gary Yarbrough, Frank Silva and the rest of the Order for their valuable lessons and knowledge. You are not forgotten. Last of all, I hope that all Whites, skins & non-skins will live by David Lane's 14 words; 'We must secure the existence of our people and a future for White Children.' Nail The Order."

THE CIRCLE OF OSTARA

THE CIRCLE OF OSTARA is a magical teaching order that provides intensive instruction in the hidden knowledge and magical arts which have grown out of the folk traditions and ethnic religion of Northern Europe.

The circle's courses are by correspondence. This type of course has many advantages: it allows each student to proceed at his own pace and overcomes the problem posed in group study where the quiet student is inhibited and held back by those of a more dominant character. The courses are prepared in depth and are graded on three levels. They cover a wide range of subjects, from examination and interpretation of folklore material through to advanced shamanistic practice, and prepare the student for initiation into the Circle of Ostara. The circle is not concerned merely with the transfer of information but is intended to develop the psychic and intellectual potential of the student. The student will get from the circle's courses what he is prepared to put into them: he will not learn to fly but the courses bring out and develop 'the knowledge deep in the blood rite by the Rune God, Odin, the High One'.

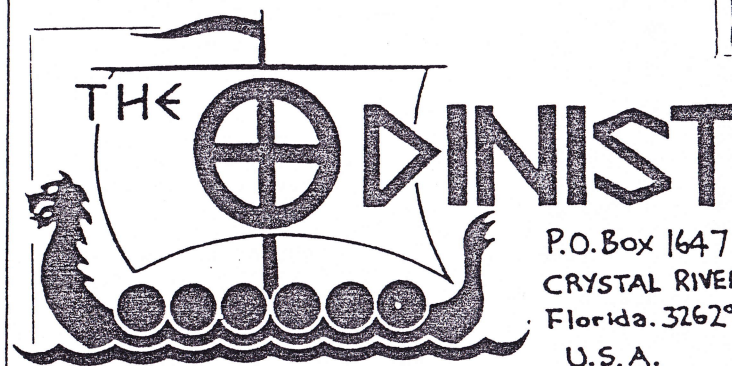

The entry examination for the first level course is open to all members and apprentices of the Odinic Rite. In order to minimise costs and to make the course available to all successful candidates a subscription is required from those who can afford to pay it but no able student will be denied entry due to lack of means.

Interested members and apprentices should write for further information to

THE WHITE HOUSE NETWORK

P.O. BOX 6088, HARRISBURG, PA 17112-0088
'ONE PEOPLE, ONE PURPOSE'

The White House Network is a National Network from America that have been around for over five years. They agreed to do an interview with ARYAN HARRISON, we asked the following questions & here are their replies. We'd just like to thank Eric for the interview & wish him and the W.H.N. the best for the future...

1. Could you please tell us a little about the White House Network (Origin/History)?

"The White House Network was founded in 1986, with little previous contact with the established movement. It was founded as a reaction to slander, libel, physical attacks & other more subtle means of attempting to destroy White pride & culture. It was originally designed to be a youth organisation exclusively for central Pennsylvania, and many of those involved were skinheads. As can be expected, under the circumstances, there was no clear direction or even any idea of how to operate other than to wait and respond to attacks against White youths. Seeing this, and not having considerable contact with other groups and individuals, those involved voluntarily disbanded the existing organisation in 1987, in order to found a wholly different operation, based on what was perceived to be a pressing need within the movement. Pennsylvania was organised as 'The White House Network', and all efforts were directed into stabilizing operations within the state. No attempt was made to maintain relations with others, as it was felt that there was no point to establishing formal contact until the Network was fully functional. Those participating waxed and waned for two years, due to an initi-

al practice of recruiting almost anyone who seemed interested and relatively trustworthy.

In 1989, after weeding out those who were non-productive, or ill suited for our purposes, and after stabilizing operations in Pennsylvania, a decision was made to go 'National'.

Since 1989, The White House Network has remained a very structured and small operation, with regional offices in all but the Western states (USA). The latter half of 1991 has seen an explosion in Canada as well."

2. Is The White House Network a skinhead based support network?

"The White House Network is not a skinhead based operation, although are participants who at one time or another in their past were skinheads."

3. Are you a political party with a clearly defined manifesto, or a pressure group on the edge of politics, either way what are your ultimate goals?

"The White House Network is not a political party or a pressure group. The WHN is a support Network for all Whites, regardless of ideology or religion, or lack thereof. Our immediate goal is represented by our name Our ultimate goal is not only White survival as a Race, but the securing of a self-governed land for our people, with a self-contained economy, and adequate defence. This land need not be pre-determined by existing National boundaries. The WHN does not see itself providing the ultimate answer, or even the leadership for any future solution, although it will not rule out that possibility. When a plausible leader emerges, then the WHN will, with all hope, have a stable 'platform'

on which the leader may stand & work, already in place."

4. Do you approve of so many small but dedicated organisations fighting for the White Race in the USA, or do you feel for them to unify would be a better advancement for the White cause?

"I do not feel that so many small groups will be able to mount any truly effective campaign or political effort. They cannot or will not pool their resources, as their enemies do, and are thus confined to small 'fleabites' on the government 'dog'. While I do not doubt the dedication of most of these groups, I do doubt the leadership capabilities, and the effectiveness of many. While uniting them would be a very good way to centralize and direct effectiveness for a maximum effort, I do not feel that this is, at least in the immediate future, a real possibility. A leader must emerge from the people who is capable of molding the fragmented movement into a viable and powerful political machine. Many activists in the movement will, no doubt, be unable to accept the fact that they are not the leader, and will resist efforts to bind us together. They will end up on the outside looking in when the time comes. I am sure everyone has met one of these types"

5. How do you think this unification could be achieved?

It will take a combination of a great charismatic leader personality and an 'in-place' foundation with which the leader personality can work. In order to achieve a climate where this can occur, a certain amount of work must be done. This work can only be done by a combination of efforts. A two pronged effort, if you will, one prong being as legal and benevolent as possible, another being as completely 'underground' as possible. One prong will protect

the other from being crushed in the legal & political arena, while the other will work to keep the other alive and to promote it's goals by whatever means prove to be necessary. Without the legal, political effort, the underground effort would be quashed like an insect and have no influence on the public. Without the underground effort, the legal, political effort would quickly be undermined by subversive elements, and effectively destroyed or pushed to the sidelines where nobody is aware that they are out there. A perfect example of this type of effort is the combined efforts of the Irish Republican Army and Sinn Fein. While this example is not popular with many activists even it's enemies must admit that they are successful in not only surviving repeated attempts to crush them, but in keeping their message in the public eye. If they continue to do this, without some sort of serious mistake, then will ultimately be successful.

vol.2. No 2-4.

eful in securing Northern Ireland from Great Britain. I would guess that this observation has not endeared me to many readers in the British Isles, but I feel that it is true.

(EDITORS NOTE:- We would like to make it clear that although the WHITE HOUSE NETWORK use the IRA as an example, this in no way means they support them in any shape or form. It is purely an example used in expressing the answer.)

6. Do you have contacts with many pro-white movements in the USA? If so, which ones do you think are the most worthwhile?

"The WHN maintains contact with several thousand US groups, organisations and parties, as well as a like number in other countries. I will decline to be specific on these numbers however. In the US, there are many that are worthwhile & it would be difficult to narrow the list to any specific number. I will list some, though, that for different reasons, I feel are a step ahead of others working in the same areas (education, discipline, learning, goals, methods, etc.). The National Alliance/NSV books; National Socialist Vanguard; The American Nationalist party (Charleston IL); Nordic Heritage & History club; The Odinist Fellowship (Crystal River FL); The Mountain League; Family Assistance Project; Institute for Historical review; SANPAC; NSBAC/AC; Euro-American Alliance; and Aryan Nations. These choices may not seem to make sense without why I have chosen them, each for it's own specific reason. I would be happy to discuss my reasons to anyone interested at another time."

7. Is the WHN a totally American based group, or are there branches in other countries? Would you like to see branches in other countries?

"The WHN started out as a sole

ly American network (not 'group'), but has grown to include Canada. In addition, we have in individual participants in Germany, Saudi Arabia, Kuwait, Iraq, Gt Britain, & the Phillipines and Okinawa. This is largely due to military service or other personal obligations, though. We do not maintain offices or organise activities in these countries, nor do we include native citizens of the non white countries noted above as participants. All current participants hold either American or Canadian citizenship.

I would like to see branches in other countries, but have not been approached by anyone meeting our requirements in this area. If the right sort of person would show an interest, then certainly progress could be made.

8. As Odinism is growing rapidly among White Youth, do you feel it is out of true interest, or just 'going with the flow' because of many pro-white bands using the subject of Odinism in their lyrics?

"Odinism/Asatru is growing much more rapidly in Europe than in the Americas, because of it's past history of religion in the two continents. I cannot comment on any individuals' dedication to the religion, but feel that many are dedicated or truly interested. On the other hand, I am sure that

many are, as you say, going with the flow. It is true that bands and music are very influential, and it is quite probable that the lyrics of bands popular among our Youth are responsible, in part, for the rise of Odinism again. If you will recall, music was used by the National Socialists to help inspire the people of Germany. Music is used by governments to spur public sentiment, too. An example would be 'America the beautiful', 'Dixie', 'The Battle hymn of the republic', or 'Hail to the chief', here in the US, & perhaps 'Rule Britannia' or 'Scotland the brave' in the British Isles. Note that the Allies banned the German 'Deutschlandlied' after WWII, because of the power of music over the will of a people. The two suggestions then, that you have given, are not then necessarily in opposition to each other."

9. How would people in support of the WHN subscribe to 'News from the White House'?

"Those who wish to subscribe must fill out the slip on the mailing cover of the newsletter (as of Vol. 2, No 2-4), or write to us at P.O. Box 6088, Harrisburg, PA 17112-0088, & ask for subscription information. There is a subscription fee of \$5.00 for the US, \$6.00 for Canada & Mexico, and \$8.00 for all others. This is for a one year subscription, on a quarterly basis."

10. Apart from the newsletter 'WFT WH', do you have any other merchandise available, and how is it obtained?

"We do not have many items available. A merchandise list can be obtained from the same address as the newsletter, or from any regional office as well. The available items include T-shirts, flags, armbands, pins & badges, keychains, necklaces, cassettes, patches, stickers and books.

WHN will also print some camera ready materials for others & t-shirts too, at a reasonable

price. We reserve the right to reject materials though."

11. What are your views on the following 'coloured' organisations?

NAACP - National Association for the advancement of Coloured people.

"This is a racist organisation founded by Jews in order to secure gains for the black population of the US. It then, indirectly benefits the Jewish interests by drawing attention from their own activities, and also being a constant obstacle to expressions of White pride or culture. It is more a source of pride for blacks than a worry for whites, as it is dependant on the whims of it's controlling interests-Jews. The Jews will not let it become too powerful."

ANC - African National Congress
"This is an African, communist-orientated political organisation, which uses terror tactics to achieve success. They have been largely successful in swaying public opinion (and hence pockets) in their favour. This is again due to Jewish involvement. The Jewish Communist party in the republic of Sth Africa will not allow the ANC to have any real power. The ANC then, is not a real threat in and of itself, but will serve as a source of manpower for other more dangerous influences

JDL - Jewish Defence League
"This is a dangerous organisation which uses terrorism to fight us in ways that the government cannot do, without risk of turning the public against it. Although not a part of the government, it still, by definition, & by action serves the governments purposes. By and large the government leaves it alone for this reason. They also receive a lot of credit for the actions of others. An example

would be a death threat received by my father for my activities locally. This proved to be local police, claiming to be JDL. Unfortunately, this cannot be proved. I have had no problems since then, as I have become more discreet, & have made the WHN very low-profile. They thought I was in the Klan, in any case."

ADL - Anti Defamation League.
 "This organisation is only true effective in the state of New York, and in cities where they have offices. Most of the information they accumulate and publish is taken directly from newspaper & other media accounts. Their much lauded yearly reports are laughable when it comes to accuracy, and are actually more helpful to us than to them. Their effectiveness comes from their co-operation with law enforcement agencies, which is an area where they can prove truly dangerous. For example, we are currently trying to secure the re-trial & release of a prisoner in Constock, NY who was set up for a murder which was actually committed by the girlfriend of an ADL member in New York City. The ADL arranged it so he could spend forty years in prison for murder. Witnesses to his innocence, or to her guilt continue to turn up conveniently dead. Their power is in the money they wield, and in the number of Jews in the legal & law enforcement professions."

12. Is there anything you would like to add to conclude this interview?

"Success to you in your efforts

The artwork, poems, clippings, etc, used within the WHN interview are used by kind permission of The White House Network, and may not be reprinted, or used in any other way without first gaining permission directly from the WHN.

ENGLISH ROSE

For
Race
And
Nation

English Rose have been around for nearly 5 years and are one of the well known, and well liked bands around on the scene today. They haven't been on the live circuit for sometime, and there were rumours that they had split up. However this was not the case as this interview proves, and here's what Jonesy had to say when we sent an interview down...

1. When & why did English Rose form and what is the current line-up?

"We first formed back in eighty seven to show people there were some who had pride in the White Race. Our current line-up is :- Jonesy (24)-Vocals, Spen (22)-Bass Guinness(20)- Guitar, Blakey(24)-Drums."

2. What are the bands musical influences, and which groups do you rate most on today's music scene?

"We have been influenced by so many Skinhead, rock and thrash bands over the years, too many to mention. Some of the bands we most rate on the scene today must be; Skullhead, Skrewdriver, Stormtrooper, Mid Town Bootboys & Bound for Glory."

3. What are your political views, and are any of the band members of any movement?

"Like we've always said, we are a White Pride band, and will stand loyal to our race, but we are not members of any political parties or organisations."

4. Do the band have any merchandise available, if so where is it available from?

"At present we have a T-shirt which is black with a white shield and Death skull with the band name and White Pride. This costs £7 -

Britain, £7.50 - Europe, £8 - Rest of world. Also our first single is still on sale for £2.50 - Britain, £3.00 - Europe, £3.50 - Rest of world. (All prices inc P&P)..... Watch out for another 2 T-shirts, and our LP soon."

5. Which E.R. track is the groups favourite and why?

"It has to be the newer tracks as our music & lyrics have become much stronger, tracks such as "Skinheads Are Racially Proud", which is dedicated to the SHARP scam. Two others are "Police Aggression", And "Smash Red Action"

6. Why have English Rose been missing from the live circuit for so long?

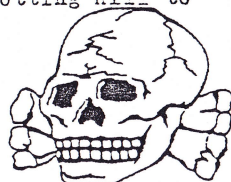

"We split up in July 90 when our guitarist quit and we never reformed until early this year but then got set back again when Jonesy got sent down, but we are now together and are ready to play live now."

7. Who would the band like to see put to death?

"Anybody who betrays or tries to destroy the White Race."

8. Why do you think after many years of violence & murder, the police and government still allow the 'Carnival' at Notting Hill to

SMASH
RED
ACTION!

go ahead, yet try every dirty trick to halt non-violent R.A.C. gigs.?

"The police & Government allow the carnival to continue because they are traitors and are also scared of the N:::s kicking up a fuss. They stop RAC gigs because they know our cause is true and are worried people will learn the real truth..support RAC & smash the enemy."

9. What are your main views for the future?

"To release our LP, "Never be Silenced", and just stand in there as long as possible and annoy the scum who want to see us dead. "

10. Are there any comments you would like to add?

"Thanks for the interview, and we wish you all the best with the zine. Racial Regards, English Rose."

SMALL HEATH

Dear patriotic Friend

Would you please be so kind and spare a little space in your fine SkinZine and bring the following to your readers attention:

JOIN THE ARYAN RESISTANCE MOVEMENT (UK)

We are in the process of setting up a chapter of the Canadian based ARYAN RESISTANCE MOVEMENT in the U.K. and hopefully Europe.

It is the aim of the Aryan Resistance Movement (ARM) to unite all white nationalists. The object of the U.K. Europe chapter is to break down barriers, that have kept us apart for too long. - Keeping alive old enmities, will destroy us for sure. We recognise, that political, class, religious, regional barriers etc. must be replaced by bridges. if we want to give our children a future. (WE HOLD NO ALLEGIANCE TO ONE PARTICULAR PARTY OR ORGANIZATION, WE SUPPORT ALL RACIAL NATIONALISTS AND NATIONAL SOCIALISTS.)

Whilst we respect other peoples culture, religion, customs and traditions to pursue their racial and national integrity to the full, in their own inherited lands, NOT OURS !! Here on the British Isles and in Europe we have the divine duty to preserve our own culture, traditions, customs etc. and our racial integrity and identity, to pass the on to our children and future generations as we and our fathers inherited them.
